

# **AUTOMOTIVE OEM**

## **INTERIOR DOOR PANEL**

### **AVIENT SOLUTION**

OnColor™ REC Polymer Colorants

### **WHY AVIENT?**

- Provided recycled content formulations that met all design and engineering goals while achieving sustainability targets
- Provided effective alternative to materials using virgin carbon black
- Achieved color stability under xenon arc and TUV methodology
- Supplied necessary PCF calculation certified by TÜV Rheinland and aligning with ISO 14067 requirements

### **LEARN MORE**

### **KEY REQUIREMENTS**

- Available for multiple resins and approved OEM colors
- Maintain performance characteristics of traditional raw materials that use conventional carbon black
- Pass REACH and RoHS requirements
- Retain color consistency and stability
- Provide a Product Carbon Footprint (PCF) calculation that aligns with ISO 14067:2018
